ABOUT ME

- A tech-savvy coder with a great passion for web development and programming.
- A fast-learner, eager to try and learn more programming languages and techniques.
- A born team player who can adapt quickly, and at the same time, I can also work autonomously or take the lead if needed.

KEY SKILLS

FRONT-END: HTML5, CSS3, REACT, JavaScript, GSAP3
Bootstrap, Figma, and Framer Motion.

BACK-END: Node.js, Express.js, Postman, Mongoose,
and Mongo DB.

SOFT SKILLS: Teamwork, Critical Thinking, Passion,
Adaptability, Time Management.

OTHER TOOLS: Git Bash, Vercel, MS Office Suite, Google.

WORK EXPERIENCE

TelePerformance, Antipolo, 2020 - 2023
Technical Support Representative

- Troubleshooted devices and service issues for customers of AT&T U-verse, DirecTV, and Mobility.
- Became SME (Subject Matter Expert) for AT&T's Mobility account.

PROJECT EXPERIENCE

KodeGo-Bootcamp, Jun2023-Jul2023
etiket.com

- Tools used: REACT, Node, Express.js, CSS, Bootstraps, MongoDB, JavaScript ES6, Vercel, Mongoose, and Teamwork!
- I led the team in building the Front and Back ends of a fictional movie ticket reservation website from scratch.
- I provided the website's whole Back-end codes, API connections & database implementation.

EDUCATION

KODEGO-BOOTCAMP, FEB.2023-JUL.2023

- Full-Stack Web Development
★ Best in Coding Award

AMA UNIVERSITY, 2001-2004 & 2010-2011

- B.S. Electronics & Communications Engineering
