ABOUT ME

- A creative and tech savvy career-shifter who loves full-stack coding by heart.
- A team player who can adapt and lead if called upon. At the same time, able to work independently.
- And of course, very eager to learn more programming languages and techniques.

KEY SKILLS

FRONT-END: HTML, CSS, REACT, JavaScript, Styled Component, Bootstrap

BACK-END: Node.js, Express.js, Postman, Mongoose, Mongo DB

SOFT SKILLS: Leadership, Teamwork, Critical Thinking, Adaptability, Time Management

OTHER TOOLS: GitHub, Git Bash, Vercel, Zoom, Discord, Microsoft Office

WORK EXPERIENCE

TelePerformance, Antipolo | 2020 – 2023

Technical Support Representative

- Troubleshooted device and service issues for customers of AT&T U-verse, DirecTV, and Mobility accounts.
- Became SME (Subject Matter Expert) for AT&T's DirecTV and Mobility accounts.

PROJECT EXPERIENCE

CodeGo-Bootcamp | Jun2023-Jul2023

etiket.com

- Tools used: REACT, Express.js, MongoDB, Bootstraps, Mongoose, CSS, Vercel.
- Led a team, building Front-end and Back-end of a start-up movie ticket reservation website from scratch.
- Provided the whole Back-end codes, API connection & database implementation.

EDUCATION

KODEGO-BOOTCAMP, (FEB.2023-JUL.2023)

- Full-Stack Web Development
- ★ Best Coding Award

AMA UNIVERSITY, (2001-2004, 2010-2011)

- B.S. Electronics & Communications Engineering
